1. Clean your hands with soap and water or hand sanitizer before touching the mask.
2. Hold mask by the ear loops. Place a loop around each ear.
3. Adjust the mask to fully cover the mouth and nose.
4. Form the nose wire around nose and cheek to close any gaps.

1. Grasp mask by the ear loops only and remove mask. Do not touch front or inside of mask.
2. Pull mask away and deposit in waste container.
3. Wash your hands or use hand sanitizer.

WARNINGS
Surgical masks are not intended to be used more than once. If your mask is damaged or soiled, or if breathing through the mask becomes difficult, you should remove the face mask, discard it safely, and replace it with a new one. To safely discard your mask, place it in a plastic bag and put it in the trash. Wash your hands after handling the used mask.
