Subject: Rescission of NIOSH Approvals  
Date: April 25, 2022

Honeywell PPE Respiratory is rescinding the National Institute for Occupational Safety and Health (NIOSH) certification of discontinued respirators, effective immediately. These respirators were sold under several brands, including Honeywell Willson, Willson Dalloz Safety and Bacou-Dalloz. Most of these respirators have been off the market for years, and replacement components are no longer available. Please note that once a NIOSH approval is rescinded on a respirator, the respirator is no longer approved for use in an occupational setting.

The products are listed below with the TC (Tested and Certified) numbers as reference.
