1. **Applicability.** Purchase orders placed with Honeywell Healthcare Solutions GmbH ("Honeywell") by Company ("Order") for the purchase of: (a) products, including without limitation, end items, line replaceable units and components thereof and those returned for repair, overhaul, or exchange (collectively referred to as "Products") or, (b) services to support a defined customer requirement ("Services") will be governed solely by these conditions of sale ("Agreement"), unless and to the extent that a separate contract is executed between Company and Honeywell. "Company" is defined as the procuring party and Company and Honeywell are collectively referred to as the "Parties" and individually as a "Party." This Agreement will apply to all Orders for Products or Services whether or not this Agreement is referenced in the Order. In the event a separate contract incorporating this Agreement is executed between the Parties, where applicable, references to "Order" within this Agreement may refer to the contract between the Parties.

2. **Purchase Orders.** Orders are subject to acceptance by Honeywell and are non-cancelable, including any revised and follow-on Orders, and will be governed by the terms of this Agreement. Orders will specify: (a) any relevant contract or agreement, (b) order number, (c) Honeywell’s Product part number or quotation number as applicable, including a general description of the Product; (d) requested delivery dates; (e) applicable price; (f) quantity; (g) location to which the Product is to be shipped; and (h) location to which invoices will be sent for payment. Purchase orders are subject to acceptance or rejection by Honeywell. Honeywell’s acknowledgment of receipt of an Order will not constitute acceptance of such order. Any conflicting, additional, and/or different terms or conditions on Company’s purchase order or any other instrument, agreement, or understanding are deemed to be material alterations and are rejected and not binding upon Seller. Seller’s acceptance of Company’s purchase order is expressly conditioned upon Company’s assent to the terms and conditions contained herein in their entirety. Company’s acceptance of delivery from Seller constitutes Company’s acceptance of these terms and conditions in their entirety. A valid purchase order number is required before processing; any purchase order received without one will be returned to Company. Any Honeywell may in its sole discretion accept an order cancellation request made by Company and the order cancellation may be subject to payment of cancelation charges or fees as determined by Honeywell from time to time. Without prejudice to the generality of the preceding sentence, Honeywell does not accept cancellations for custom or specially manufactured products, or for non-stocked Products. Unless otherwise specified by Honeywell, the minimum order for each line item shall be USD 500 net value (or equivalent net value in the applicable currency) and must also meet the minimum order quantity for the specific good; in addition, Company may not request delivery of Products in increments less than USD 500 net value per shipment (or equivalent net value in the applicable currency). Honeywell may reject any orders that do not meet the minimum order quantity or net value, or may charge a fee of $35 (or equivalent fee in the applicable currency) to all orders that do not meet the USD 500 minimum order value (or equivalent amount in the applicable currency or other agreed-upon amount) or minimum order quantity.

3. **Delivery.** Except as otherwise specified by Honeywell in a price list or otherwise in writing, delivery terms are FCA (Incoterms 2020), Honeywell’s or Honeywell-designated facility. Company is responsible for all duties, taxes, and other charges payable upon export or import. Honeywell will schedule delivery in accordance with its standard lead time unless Honeywell otherwise agrees in writing. Delivery dates are estimates and not firm delivery dates. If Honeywell prepays charges for transportation or any special routing, packing, labelling, handling, or insurance requested by Company, Company will reimburse Honeywell upon receipt of an invoice for those charges. Title will pass to Company following delivery and full payment. Company shall be liable for any delays or increased costs incurred by Honeywell caused by or related to Company’s acts or omissions. If delivery of products, services, or other information necessary for performance of the Agreement is delayed due to conduct of Company or Company-designated supplier, then Honeywell may store products at Company’s risk and expense and may charge Company for the delay.

4. **Acceptance.** (a) Products: Products are presumed accepted upon delivery unless Honeywell receives written notice of rejection from Company explaining the basis for rejection within 30 calendar days after delivery. Company must disposition rejected Product in accordance with Honeywell’s written instructions. No Product shall be returned without Honeywell’s written consent and Honeywell will have a reasonable opportunity to repair or replace rejected Products, at its option. Subject to the terms of the article titled “Taxes”, Honeywell assumes shipping costs in an amount not to exceed actual reasonable direct freight charges to Honeywell’s designated site for the return of properly rejected Products. Company will provide copies of freight invoices to Honeywell upon request. The Party initiating shipment will bear the risk of loss or damage to Products in transit. If Honeywell reasonably determines that rejection was improper, Company will be
responsible for all expenses caused by the improper rejection.

(b) Services. Company will inspect Services within 10 calendar days after delivery or completion of Services, as applicable. Services will be deemed accepted unless Honeywell receives written notice of rejection explaining the basis for rejection within such time. Honeywell will be afforded a reasonable opportunity to correct or re-perform rejected Services, which shall be Company’s sole and exclusive remedy for unaccepted Services by Company. Company further agrees that partial or beneficial use of the work by Company prior to final inspection and acceptance will constitute acceptance of the work under this Agreement. If Honeywell reasonably determines that rejection was improper, Company will be responsible for all expenses caused by the improper rejection.

5. Changes. Honeywell may, without notice to Company, incorporate changes to Products that do not alter form, fit, or function. Honeywell may, at its sole discretion, also make such changes to Products previously delivered to Company. Company may request changes to the scope of this Agreement subject to written acceptance by Honeywell. Honeywell will inform Company if the change causes a price modification or a schedule adjustment. The change will be effective, and Honeywell may begin performance upon the Parties’ authorized signature of the change order.

6. Prices. All purchase orders with price deviations or promotional pricing require the appropriate promotion or deviation code. Any purchase orders with price discrepancies that do not contain a promotion or price deviation code will receive a price discrepancy notice from Honeywell Customer Care for resolution. Company will have 48 hours to provide an updated purchase order or accept Honeywell’s pricing (in writing); otherwise, the purchase order line and/or purchase order will be cancelled. Please refer to the Honeywell Price List or Pricing Portal (or consult your Honeywell representative for your specific codes). Prices, terms, conditions, and Product or Service specifications are subject to change without notice. However, Honeywell will endeavor to give at least thirty (30) calendar days written notice of any changes. Pricing is subject to immediate change upon announcement of product obsolescence. All orders placed after notice of product obsolescence are noncancelable and nonreturnable. Upon notification of a price increase on Products, all orders in backlog and shipped within 12 weeks of the price increase notification will be invoiced at the previous price. Any orders in backlog with a delivery date more than 12 weeks after the price increase notification will be invoiced at the new price. Honeywell reserves the right to monitor Company’s orders during the period between notification of and the effective date of the price increase; if Company’s order volume during that time period is more than five percent (5%) higher than forecasted or historic purchases, then Honeywell reserves the right to charge the increased price on the excess orders. Unless otherwise expressly specified by Honeywell, Honeywell reserves the right to withdraw any offer or quotation at any time during its term. Honeywell may, from time to time and in its sole discretion, issue surcharges or price modifications on new Orders in order to mitigate and/or recover increased operating costs arising from or related to: (a) foreign currency exchange variation; (b) increased cost of third-party content, labor and materials; (c) impact of duties, tariffs, and other government actions; and (d) increases in freight, labor, material or component costs, and increased costs due to inflation (collectively, “Economic Surcharges”). Economic Surcharges shall not exceed 1.5% from the total Order value. Honeywell will invoice Company, through a revised or separate invoice, and Company agrees to pay for the Economic Surcharges pursuant to the standard payment terms in the Agreement. If a dispute arises with respect to Economic Surcharges, and that dispute remains open for more than fifteen (15) calendar days, Honeywell may, in its sole discretion, withhold performance and future shipments or combine any other rights and remedies as may be provided under the Agreement or permitted by law until the dispute is resolved. The terms of this paragraph shall prevail in the event of inconsistency with any other terms in this Agreement. Any Economic Surcharges, as well as the timing, effectiveness, and method of determination thereof, will be separate from and in addition to any changes to pricing that are affected by any other provisions in this Agreement.

7. Payments. Unless Company has been approved for credit terms by Honeywell, payment for all orders will be made at the time of order placement. In the event Company, has been approved for credit terms, payment for that order will be due no later than 30 calendar days from the date of the invoice, unless a shorter time period is specified on the invoice or otherwise communicated to Company in writing. Honeywell will determine in its sole discretion if Company qualifies for credit terms. If credit terms are granted, Honeywell may change Company’s credit terms at any time in its sole discretion and may, without notice to Company, modify or withdraw credit terms for any order, including open orders. Partial shipments will be invoiced as they are shipped. Honeywell is not required to provide a hard copy of the invoice. Payments must be made in GBP currency unless agreed otherwise in writing and must be accompanied by remittance detail containing at a minimum the Company’s order number, Honeywell’s invoice number and amount paid per invoice; Company agrees to pay a service fee in the amount of USD 500 (or equivalent amount in the applicable currency) for each occurrence for its failure to include the remittance detail and minimum information described above. Payments must be in accordance with the “Remit To” field on each invoice. If Company makes any unapplied payment and fails to reply to Honeywell’s request for instruction on allocation within seven (7) calendar days, Honeywell may set off such unapplied cash amount against any Company past-due invoice(s) at its sole
discretion. An unapplied payment shall mean payment(s) received from Company without adequate remittance detail to determine what invoice the payment(s) shall be applied to. Disputes as to invoices must be accompanied by detailed supporting information and are deemed waived 15 calendar days following the invoice date. Honeywell reserves the right to correct any inaccurate invoices. Any corrected invoice must be paid by the original invoice payment due date or the issuance date of the corrected invoice, whichever is later. If Company is delinquent in payment to Honeywell, Honeywell may at its option: (a) withhold performance until all delinquent amounts and late charges, if any, are paid; (b) repossess Products or software for which payment has not been made; (c) assess late charges on delinquent amounts at the lower of 1.5% per month or the maximum rate permitted by law, for each full or partial month; (d) recover all costs of collection, including but not limited to reasonable attorneys’ fees; and (e) combine any of the above rights and remedies as may be permitted by applicable law. These remedies are in addition to those available at law or in equity. Honeywell may re-evaluate Company’s credit standing at any time and modify or withdraw credit.

8. Setoff. Company will not set off or recoup invoiced amounts or any portion thereof against sums that are due or may become due from Honeywell, its parents, affiliates, subsidiaries or other divisions or units.

9. Warranty. (a) Products. Honeywell warrants that at time of shipment to Company its Products will comply with applicable Honeywell drawings and for a period of 12 months after shipment of the Products (subject to any exception to above limited warranty period timeframe that may be published for the Product by Honeywell from time to time) will be free from defects in workmanship and material. Experimental Products (which may be designated by the letter “X” or “E” beginning their part number identification) are prototype, pre-production items that have yet to complete all phases of release testing; these Products are sold “AS IS” WITH NO WARRANTY, and to the maximum extent permitted by applicable law, Honeywell excludes all conditions, warranties and representations, whether express or implied regarding these Products. Any software and software components provided by Honeywell, including any documentation designated by Honeywell for use with such software or software components, are provided “AS IS” and with all faults. The entire risk as to satisfactory quality, fitness for purpose, performance, accuracy and effort for such software or software components is with the Company. To the maximum extent permitted by applicable law, Honeywell excludes all conditions, warranties and representations, whether express or implied regarding any of its software or software components or any of its accompanying documentation. Products that are inherently shorter than the foregoing warranty period including, but not limited to, consumables (e.g. flashtubes, lamps, batteries, storage capacitors) are not covered under this warranty. “Nonconformance” means failure to operate due to defects in workmanship or material. Normal wear and tear and the need for regular overhaul and periodic maintenance do not constitute Nonconformance. Company must notify Honeywell in writing during the warranty period of a Nonconformance and, within 30 calendar days of discovery of the Nonconformance, disposition the Product in accordance with Honeywell’s written instructions. Honeywell’s obligation and Company’s sole remedy under this warranty is repair or replacement, at Honeywell’s election, of any Product Nonconformance. All Products repaired or replaced are warranted for the unexpired portion of the original warranty period. Nonconforming Products returned transportation prepaid to Honeywell’s designated facility will be repaired or replaced, at Honeywell’s option, and return-shipped lowest cost, transportation prepaid. No Products will be accepted for return without an authorization number obtained in advance of shipment to Honeywell. Return shipping costs expressly exclude freight forwarding, taxes, duties, and tariffs. The Party initiating shipment will bear the risk of loss or damage to Products in transit. If Honeywell reasonably determines that a Nonconformance does not exist, Company will pay all expenses related to the improper return including, but not limited to, analysis and shipping charges. Honeywell will not be liable under this warranty if the Product has been exposed or subjected to any: (1) maintenance, repair, installation, handling, packaging, transportation, storage, operation, or use that is improper or otherwise not in compliance with Honeywell’s instruction; (2) alteration, modification, or repair by anyone other than Honeywell or those specifically authorized by Honeywell; (3) accident, contamination, foreign object damage, abuse, neglect, or negligence after shipment to Company; (4) damage caused by failure of a Honeywell supplied Product not under warranty or by any hardware or software not supplied by Honeywell; or (5) use of counterfeit or replacement parts that are neither manufactured nor approved by Honeywell for use in Honeywell’s manufactured Products. Honeywell has no obligation under this warranty unless Company maintains records that accurately document operating time, maintenance performed, and the nature of the unsatisfactory condition of Honeywell’s Product. Upon Honeywell’s request, Company will give Honeywell access to these records for substantiating warranty claims. (b) Services. Honeywell warrants that Services will comply with the requirements stated in this Agreement. This warranty is valid for 90 calendar days from the date Services are performed. Honeywell’s obligation and Company’s sole remedy under this warranty is to correct or re-perform defective Services, at Honeywell’s election, if Company notifies Honeywell in writing of defective Services within the warranty period. All Services
corrected or re-performed are warranted for the remainder of the original warranty period. (c) Disclaimer. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, OTHER THAN THE WARRANTIES WHICH ARE SET OUT IN CLAUSES 9 (A) AND (B), ALL CONDITIONS, WARRANTIES AND REPRESENTATIONS, WHETHER EXPRESS OR IMPLIED, ARE EXCLUDED. THESE WARRANTIES ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, EXPRESS, IMPLIED (OTHER THAN THE TERMS IMPLIED BY SECTION 12 OF THE SALE OF GOODS ACT 1979), STATUTORY OR OTHERWISE, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, AND FITNESS FOR PURPOSE. IN NO EVENT WILL HONEYWELL BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES, EVEN IF INFORMED OF THE POSSIBILITY OF SUCH DAMAGES AND NOTWITHSTANDING THE FAILURE OF THE ESSENTIAL PURPOSE OF ANY LIMITED REMEDY. NO EXTENSION OF THIS WARRANTY WILL BE BINDING UPON HONEYWELL UNLESS SET FORTH IN WRITING AND SIGNED BY HONEYWELL’S AUTHORIZED REPRESENTATIVE. ADDITIONALLY, THESE WARRANTIES ARE FOR THE BENEFIT OF COMPANY ONLY AND ARE NOT ASSIGNABLE OR TRANSFERABLE.

10. Recommendations. Any recommendations or assistance provided by Honeywell concerning the use, design, application, or operation of the Products shall not be construed as conditions, representations, or warranties of any kind, express or implied, and such information is accepted by Company at Company’s own risk and without any obligation or liability to Honeywell. It is Company’s sole responsibility to determine the suitability of the Products for use in Company’s application(s). The failure by Honeywell to make recommendations or provide assistance shall not give rise to any liability to Honeywell.

11. Force Majeure. Except for payment obligations, neither Party will be liable to the other for any failure to meet its obligations due to any force majeure event. Force majeure is an event beyond the reasonable control of the non-performing Party. The following, while not an exclusive listing, shall unless demonstrated clearly to the contrary, be considered not to be within a party’s control or avoidable by the exercise of reasonable diligence and may include but is not limited to: (a) delays or refusals to grant an export license or the suspension or revocation thereof; (b) any other acts of any government that would limit a Party’s ability to perform under this Agreement; (c) fires, earthquakes, floods, tropical storms, hurricanes, tornadoes, severe weather conditions, or any other acts of God, (d) epidemics, pandemics, quarantines or regional medical crises; (e) shortages or inability (without litigation or the payment of penalties or unreasonable prices or the acceptance of unreasonable terms and conditions) to obtain materials, equipment, energy, or components; (f) labor strikes or lockouts; and (g) riots, strife, insurrection, civil disobedience, landowner disturbances, armed conflict, terrorism or war, declared or not (or impending threat of any of the foregoing, if such threat might reasonably be expected to cause injury to people or property); (h) inability or refusal by Company’s directed third party suppliers to provide Honeywell parts, services, manuals, or other information necessary to the products or services to be provided by Honeywell under this Agreement. If a force majeure event causes a delay, then the date of performance will be extended by the period of time that the non-performing Party is actually delayed, or for any other period as the parties may agree in writing. Notwithstanding the prior sentence, quantities affected by this force majeure clause may, at the option of Honeywell, be eliminated from the Agreement without liability, but the Agreement will remain otherwise unaffected. When performance is excused, Honeywell may allocate its services or its supplies of materials and products in any manner that is fair and reasonable as determined by Honeywell. However, Honeywell will not be obligated to obtain services, materials or products from other sources or to allocate materials obtained by Honeywell from third parties for Honeywell’s internal use.

12. Termination. Either Party may terminate this Agreement and any or all unperformed orders arising out of or related to this Agreement, by giving written notice to the other Party upon the occurrence of any of the following events: (a) the other Party materially breaches this Agreement and fails to remedy the breach within 60 calendar days after receipt of written notice that specifies the grounds for the material breach; (b) the other Party fails to make any payment required to be made under this Agreement when due, and fails to remedy the breach within three (3) calendar days after receipt of written notice of non-payment; or (c) the other Party becomes unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986 (as amended) or threatens to cease to carry on the whole or a substantial part of its business, any distress or execution is levied upon the other Party’s property or assets, the other Party makes or offers to make any voluntary arrangement or composition with its creditors, any resolution to wind up the other Party is passed, any petition to wind up such other Party is presented or an order is made for the winding up of the other Party, the other Party is the subject of a notice of intention to appoint an administrator or is the subject of a notice of appointment of an administrator or is the subject of an administration application or becomes subject to an administration order or has an administrator appointed over it, a receiver or administrative receiver is appointed over all or any of the other Party’s undertaking property or assets, an application is made for a debt relief order or a debt relief order is made in relation to such other Party, the other Party is dissolved or otherwise ceases to exist or the equivalent of any of the events described in this clause occurs in relation to such
other Party under the laws of any jurisdiction. Termination does not affect any debt, claim or cause of action accruing to any Party against the other before the termination. The rights of termination provided in this clause are not exclusive of other remedies that either Party may be entitled to under this Agreement or in law or equity. Honeywell may suspend or terminate performance under this Agreement at Company’s expense if Honeywell determines that performance may cause a safety, security, or health risk.

This Agreement will be governed by the laws of England and Wales, without regard to conflict of law principles. Application of the Uniform Computer Information Transactions Act and United Nations Convention on Contracts for the International Sale of Goods, 1980, The Contracts (Rights of Third Parties) Act 1999 and any successor law to either is specifically excluded. English courts will have exclusive jurisdiction to adjudicate any dispute arising out of or related to any transaction/order covered by this Agreement.

14. Limitation of Liability.

A. IN NO EVENT SHALL HONEYWELL BE LIABLE FOR: (1) ANY INDIRECT, INCIDENTAL OR CONSEQUENTIAL LOSS; (2) ANY LOSS ARISING FROM BUSINESS INTERRUPTION; (3) LOSS OF PROFITS; (4) LOSS OF REVENUE; (5) LOSS OF ANTICIPATED SAVINGS; (6) LOSS OF GOODWILL; (7) LOSS OR CORRUPTION OF DATA; (8) LOSS OF OPPORTUNITY.

B. HONEYWELL SHALL NOT BE LIABLE FOR ANY LOSS OR DAMAGE WHERE THAT LIABILITY ARIS ES AS A RESULT OF ITS KNOWLEDGE (WHETHER ACTUAL OR OTHERWISE) OF THE POSSIBILITY OF ANY SUCH LOSS OR DAMAGE.

C. THE AGGREGATE LIABILITY FOR HONEYWELL FOR ANY CLAIMS ARISING OUT OF OR RELATED TO THIS AGREEMENT IS LIMITED TO THE PRICE FOR THE SPECIFIC PRODUCT OR SERVICE THAT GIVES RISE TO THE CLAIM.

D. Honeywell does not seek to exclude or restrict its liability in relation to: (1) death or personal injury resulting from negligence; (2) the terms implied by Section 12, Sale of Goods Act 1979; or (4) any matter in respect of which, by law, it is not permitted to restrict its liability.

E. TO THE EXTENT PERMITTED BY APPLICABLE LAW, THESE LIMITATIONS AND EXCLUSIONS WILL APPLY REGARDLESS OF WHETHER LIABILITY ARIS ES FROM BREACH OF CONTRACT, INDEMNITY, WARRANTY, TORT, OPERATION OF LAW, OR OTHERWISE.

F. The Company may not bring any legal action against the Honeywell on the grounds of its liability under this Agreement if the Company has not served a notice to the Honeywell within a 3-month period from when Company became aware of the occurrence of the originating event for such an action. Any claim with respect to invoices must be brought within the timeframe set out in Section 7.

G. The Company shall co-operate fully in any product hold or product recall campaign organised by the Honeywell and Company shall give all reasonable assistance requested by the Honeywell in recovering Products which are the subject of such a campaign and preventing their sale to third parties.

15. Nondisclosure and Non-Use of Information.

“Proprietary Information” means: (a) any information, technical data or know-how in whatever form, including, but not limited to, documented information, machine readable or interpreted information, information contained in physical components, mask work and artwork, that is clearly identified as being confidential, proprietary or a trade secret; (b) business related information including but not limited to pricing, manufacturing, or marketing; (c) the terms and conditions of any proposed or actual agreement, between the parties or their affiliates, (d) either Party’s or its affiliates’ business policies, or practices; and (e) the information of others identified as confidential, proprietary or a trade secret that is received by either Party under an obligation of confidentiality.

The receiving Party will keep all Proprietary Information disclosed confidential for 10 years following the expiration, termination or completion of the work of this Agreement whichever period is longer. Each Party will retain ownership of its Proprietary Information including, without limitation, all rights in patents, copyrights, trademarks and trade secrets. No right or license is granted hereby to either Party or its customer, employees or agents, expressly or by implication, with respect to the Proprietary Information or any patent, patent application or other proprietary right of the other Party, notwithstanding the expiration of the confidentiality obligations stated in this clause. Honeywell agrees to use the Proprietary Information of Company only to provide products or services for Company from Honeywell and not from any other source. Company will not use or disclose Honeywell’s Proprietary Information for any other purpose.

The receiving Party has no duty to protect information that is: (1) known, publicly, at the time of disclosure or becomes publicly known through no fault of recipient; (2) known to recipient at the time of disclosure through no wrongful act of recipient; (3) received by recipient from a third party without restrictions similar to those in this clause; or (4) independently developed by recipient without use of or reference to the disclosing Party’s Proprietary Information.

If the receiving Party is required to disclose Proprietary Information pursuant to applicable law, statute, regulation, or court order, the receiving Party will give the disclosing Party prompt written notice of the request to provide a reasonable opportunity to object to the disclosure in order to secure a protective order or appropriate remedy.

Each Party acknowledges and agrees that if it breaches any obligations of this Non-Disclosure And Non-Use Of Proprietary Information clause, the other Party may suffer immediate and
irreparable harm for which monetary damages alone shall not be a sufficient remedy and that, in addition to all other remedies that the non-breaching Party may have, the non-breaching Party shall be entitled to: (i) seek injunctive relief, specific performance or any other form of relief in a court of competent jurisdiction, including, but not limited to, equitable relief, to remedy a breach or threatened breach hereof by the breaching Party; and (ii) enforce this Non-Disclosure And Non-Use Of Proprietary Information clause. The breaching Party waives all defenses and objections it may have on grounds of jurisdiction and venue, including, but not limited to, lack of personal jurisdiction and improper venue, and any requirement for the securing or posting of any bond in connection with such remedy.

16. Indemnity Against Patent and Copyright Infringement. Honeywell will defend Company against any suit arising out of any actual or alleged patent or copyright infringement of a patent or copyright valid in the United States, United Kingdom or European Union, to the extent based on the Product as delivered by Honeywell, and indemnify for any final judgment assessed against Company resulting from such suit provided that Company notifies Honeywell in writing promptly after Company is apprised of the third-party claim, and Company agrees to give sole and complete authority, information and assistance (at Honeywell’s reasonable expense) for the defense and disposition of the claim.

Honeywell will not be responsible for any compromise or settlement made without Honeywell’s prior written consent. Because Honeywell has sole control of resolving infringement claims hereunder, in no event will Honeywell be liable for Company’s attorney fees or costs. Honeywell will have no liability or obligation to defend and indemnify Company to the extent FAR 52.227-1 “Authorization and Consent” applies to Company’s prime or higher-tier contract for infringement of a United States patent and Company is not subject to any actions for claims, damages, losses, costs and expenses, including reasonable attorneys’ fees by a third party.

Honeywell will have no liability or obligation to defend and indemnify Company with respect to claims of infringement arising out of or based on: (a) Products supplied pursuant to Company’s designs, drawings or manufacturing specifications; (b) *Products used other than for their ordinary intended purpose as documented in the Product documentation; (c) any combination of the Product with any article or service not furnished by Honeywell; (d) use of other than the latest version of software Product released by Honeywell; (e) any modification of the Product other than a modification by Honeywell; or (f) damages based on a theory of liability other than infringement by the Product.

Further, Company agrees to indemnify and defend Honeywell to the same extent and subject to the same restrictions set forth in Honeywell’s obligations to Company as set forth in this “Indemnity Against Patent and Copyright Infringement” article for any claim against Honeywell based upon a claim of infringement resulting from (a), (b), (c), (d), (e), or (f) of the preceding paragraph.

If a claim of infringement is made, or if Honeywell believes that such a claim is likely, Honeywell may, at its option, and at its expense: (1) procure for Company the right to continue using the Product; or (2) replace or modify the Product so that it becomes non-infringing; or (3) accept return of the Product or terminate Company’s license to use the infringing Product in the case of a software Product and grant Company a credit for the purchase price or license fee paid for such Product, less a reasonable depreciation for use, damage, and obsolescence. Further, Honeywell may cease shipping infringing Products without being in breach of this Agreement.

If the final judgment assessed against Company is based on the revenue generated from the use of the Product, as opposed to from the sale of the Product by Honeywell to Company (whether alone or in combination with any article or service not furnished by Honeywell), then Honeywell’s liability under this indemnity, exclusive of defense costs, shall be limited to a reasonable royalty based on the contract price paid by Company to Honeywell for the Product that gave rise to the claim.

Any liability of Honeywell under this “Indemnity Against Patent and Copyright Infringement” is subject to the provisions of the “Limitation of Liability” article of this Agreement. This “Indemnity Against Patent and Copyright Infringement” article states the Parties’ entire liability, sole recourse and their exclusive remedies with respect to patent and copyright infringement claims. All other warranties, representations or conditions regarding infringement or misappropriation of any intellectual property rights, statutory, express or implied are hereby excluded and disclaimed.

17. Software License. “Licensed Software” means software, including all related updates, changes, revisions and documentation, if any, that Company is entitled to use under the terms of this Agreement, and which is not subject to a separate software license between the parties. License. Subject to Company’s compliance with the terms of this Agreement, Honeywell grants to Company and Company accepts a nontransferable, nonexclusive license, without the right to sublicense, to use the Licensed Software in the ordinary and normal operation of the Product on which it is installed or with which it is intended to be used under this license. (a) Ownership. Honeywell (and its licensor(s), if applicable) retains all title to the intellectual property related to all material and Licensed Software provided under this Agreement, all of which are owned by Honeywell, or its licensor(s), are protected by copyright laws, and are to be treated like any other copyrighted material. (b) Transfer of Licensed Software. Company may
transfer its license to use the Licensed Software and all accompanying materials to a third party only in conjunction with Company’s sale of any Honeywell or Company product on which the Licensed Software is installed or with which it is used. Company is to retain no copies. Company’s transfer of the Licensed Software as authorized herein must be under terms consistent with and no less stringent than the terms set forth in this Agreement. Except as specifically permitted in this Agreement, the Licensed Software may not be sublicensed, transferred or loaned to any other party without Honeywell’s prior express written consent. (c) Copies. Unless specifically authorized by Honeywell in writing, Company is prohibited from making copies of Licensed Software except for backup purposes. Company will reproduce and include all Honeywell proprietary and copyright notices and other legends both in and on every copy made. (d) Protecting Integrity. Company may not directly or indirectly make any effort to deconstruct the Licensed Software, including, but not limited to: translating, decompiling, disassembling, reverse assembling, reverse engineering, creating derivative works or compilations, or performing any other operation to obtain any portion of its contents. Company will take all reasonable actions necessary to prevent unauthorized access, disclosure or use of the Licensed Software. (e) Third Party Software. If the Licensed Software includes Honeywell furnishing third party software, the Licensed Software is provided for use under the terms of the license, warranty or other conditions of such third party. (f) Failure to Comply. In addition to any other remedy Honeywell may have, Honeywell reserves the right to terminate Company’s or its successor’s Licensed Software if Company, or if successor, fails to comply with this Licensed Software. Company agrees, upon notice from Honeywell of any termination of this Licensed Software and following specific directions from Honeywell, to deliver immediately to Honeywell all Licensed Software and copies thereof in Company’s possession. (g) Negation of Other Licenses. Except as expressly granted herein, no license or right, including sublicensing rights, either expressly, implicitly, by estoppel, conduct of the parties, or otherwise, is granted by Honeywell to Company.

18. Special Tooling and Data. Special Tooling includes, but is not limited to, jigs, dies, fixtures, molds, patterns, special taps, special gauges, special test equipment, other special equipment and manufacturing aids, and replacement items, now existing or created in the future, together with all related specifications, drawings, engineering instructions, data, material, equipment, software, processes, and facilities created or used by Honeywell in the performance of its obligations under this Agreement. Honeywell owns all Special Tooling, except to the extent an authorized representative of Honeywell specifically transfers title for any Special Tooling in writing to Company. Any transfer of title to Special Tooling does not include transfer of Honeywell’s intellectual property used to create, or that may be embodied in the Special Tooling, other than a license to use the Special Tooling without modification.

19. Export. Company is responsible for compliance with all applicable import and export control laws and regulations. Honeywell will use reasonable efforts to obtain the export license when Honeywell is the exporter of record. Company must obtain at its sole cost and expense all necessary import authorizations and any subsequent export or re-export license or other approval required for Products, technology, software, services and technical data purchased, delivered, licensed or received from Honeywell. Company will retain documentation evidencing compliance with those laws and regulations. Honeywell will not be liable to Company for any failure to provide Products, Services, transfers or technical data as a result of government actions that impact Honeywell’s ability to perform, including: (a) the failure to provide or the cancellation of export or re-export licenses; (b) any subsequent interpretation of applicable import, transfer, export or re-export law or regulation after the date of any Order or commitment that has a material adverse effect on Honeywell’s performance; or (c) delays due to Company’s failure to follow applicable import, export, transfer, or re-export laws and regulations.

If Company designates the freight forwarder for export shipments from the United States, then Company’s freight forwarder will export on Company’s behalf and Company will be responsible for any failure of Company’s freight forwarder to comply with all applicable export requirements. Honeywell will provide Company’s designated freight forwarder with required commodity information. Company is aware that U.S. export law may impose restrictions on Company’s use of the goods, services, or technical data, or on their transfer to third parties. Company will immediately notify Honeywell and cease distribution activities with regard to the transaction in question if Company knows or has a reasonable suspicion that the products, technical data, plans, or specifications may be redirected to other countries in violation of export control laws.
