August 7th, 2023

Dear Partners,

At Honeywell, we are constantly evaluating and updating our product line to meet the evolving gas detection needs of customers. In some cases, this means discontinuing an offering and focusing our efforts on others.

As of **September 7th, 2023**, the Honeywell Transmission Risk Air Monitor (H-TRAM) and its corresponding accessories will no longer be offered by Honeywell.

All orders submitted to SST before the “End of Sale” date will be processed. All quotes submitted by SST before the “End of Sale” Date will be honored as long as they are not expired.

The following parts will be phased out:

PART NUMBER	MATERIAL DESCRIPTION
HTRAM-V2-W4255	HTRAM-RELEASE2
HTRAM-WM-ALL4255	HTRAM WALL MOUNT KIT
HEL9001-001-B=FDI65625	HEL9001-001-B RTD TEMP SEN-SPECIAL HTR
HTRAM-WM-ALL5340	HTRAM WALL MOUNT KIT

Service and Support

Honeywell will provide technical support, software updates and hardware maintenance to the best of its ability until **September 7th, 2025**. Ability to support units may be disrupted due to component obsolescence beyond Honeywell’s control.

If you have any questions or concerns, please feel free to reach out to your Honeywell Regional Sales Representative to discuss options.

Thanks,

Jessica Wood
